PROFESSIONAL OBJECTIVE

Motivated Civil Engineering student seeking entry-level opportunities to apply foundational skills in design, surveying, and construction. Passionate about contributing to real-world infrastructure projects and growing as a professional in the industry.

EDUCATION

Bachelor of Technology in Civil Engineering — Sept 2023 — June 2026
Government College of Engineering, Kalahandi
CGPA: 8.04/10.0 (Till 6th Semester) | Currently in 8th Semester

Diploma in Bhubanananda Odisha — Aug 2020 — June 2023
School of Engineering , *Cuttack*

Secondary Education (10th Grade) — Apr 2019 — Apr 2020
Saraswati Shishu Vidya Mandir , *Cuttack*

TECHNICAL SKILLS

Surveying Basics Construction Materials & Site Execution Estimation & Costing Structural Fundamentals

PROJECTS

Performance Evaluation of Eco-Friendly Bricks Using Rice Husk
- **Studied the feasibility of incorporating rice husk as a partial replacement in brick manufacturing.**
- **Analyzed physical and mechanical properties such as compressive strength and durability.**

Use of Waste Plastic in Flexible Pavement Construction
- **Investigated the utilization of plastic waste in bituminous mix for enhanced pavement performance.**
- **Evaluated improvements in strength, sustainability, and environmental impact reduction.**

EXPERIENCE

Training – Department of Water Resources, Govt. of Odisha
Office of the Superintending Engineer, Mahanadi South Division-1, Cuttack
May 2025 – June 2025 (27/05/2025 – 26/06/2025)
- Gained exposure to water resource management and irrigation project operations.
- Observed procedures for hydraulic structures, canal lining, and water distribution systems.

Intern – L&T Construction (Buildings & Factories)
SCB Medical Expansion Project, Cuttack
June 2024 – July 2024 (12/06/2024 – 11/07/2024)
- Assisted in site execution and monitoring of hospital infrastructure works.
- Coordinated with project engineers and contractors to ensure safety and work progress.

Intern – Works Department, Govt. of Odisha
Office of the Superintending Engineer, Cuttack R&B Division-1
Aug 2022 – Sept 2022 (03/08/2022 – 02/09/2022)
- Learned fundamentals of road and building construction supervision and public infrastructure development.
- Gained understanding of estimation, tendering, and documentation procedures.
- Participated in site visits to monitor pavement layers and structural components.

Soft Skills
- Time Management
- Quick Learner & Self-Motivated
- Adaptability
- Teamwork & Collaboration
